

1. Put case flat on the floor and undo straps.

2. Lift lid and remove contents of case.

3. Put the lid (the side without wheels) on the floor first. Position vertical support poles firmly.

4. Lift the base and place it on top of the support poles, fitting poles firmly into place.

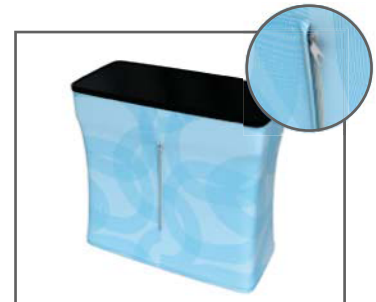

5. In a clean area, fit fabric graphic onto case from base to top. Make sure zipper is in the middle.

6. Smooth wrinkles and ensure that graphic is properly centered.

7. Place counter surface on top and press firmly to secure.

8. Zipper on back can be used to access internal storage.

**DISASSEMBLY:** Disassemble in reverse order.
